ADMINISTRATIVE EXPERIENCE

I am the sole owner and Chief Executive Officer of Behavioral Science Specialists (BSS) and the co-owner of Forum Ohio, both of which are limited liability companies incorporated in the State of Ohio. March 23, 2004 was the date of incorporation for BSS, and March 10, 2014 was the date of incorporation for Forum Ohio. Each practice provides evidenced-based behavioral health and medical assessment, treatment, and consultative services to individuals, governmental and non-governmental agencies through fee-for-service contractual arrangements, including workforce service agreements, leased employee agreements, and participation in preferred provider third-party panels. In my administrative capacities through, I have:

- Managed and provided administrative and clinical supervision to numerous employees and supervisees, which have included psychologists, school psychologists, physicians, licensed professional clinical counselors, licensed social workers, psychology assistants, and psychology aides. I have supervised over 50 clinicians.
- Provided psychological training supervision, psychology work supervision, and mental health worker supervision to dozens of supervisees in accordance with the Ohio Administrative Code.
- Implemented and provided clinical and administrative supervision for numerous psychology practicums for Capital University students as well as an internship for pre-doctoral psychology graduate students.
- Conducted various clinical training sessions and in-services for current employees and supervisees.

BIOGRAPHICAL STATEMENT

Dr. Tilley earned his Bachelor of Arts (B.A.) in psychology from Capital University and his Doctor of Psychology (Psy.D.) in clinical psychology from the University of Indianapolis. As part of his graduate training, Dr. Tilley completed formal practica in forensic psychology at Twin Valley Behavioral Healthcare in Dayton and in child/adolescent psychology at St. Francis Hospital in Indianapolis. His internship in correctional psychology was completed at the Federal Medical Center in Lexington. He completed his post-doctoral training in forensic psychology at Twin Valley Behavioral Healthcare in Columbus. Dr. Tilley is the chief executive officer of Behavioral Science Specialists, LLC and co-owner of Forum Ohio, LLC, which provide behavioral health, medical, and forensic assessment, consultative, educational, and research services. He regularly conducts psychological evaluations for a variety of agencies and court systems in the Columbus metropolitan area, including the Franklin County Municipal Court, the Franklin County Court of Common Pleas Probation Department, the Franklin County Juvenile Court, the Franklin County Probate Court, and the Franklin County Office on Aging. He has been recognized as an expert in clinical and forensic psychology in dozens of courts throughout Ohio. He has been an adjunct clinical faculty member at Capital University since 2001 where he teaches courses on psychology, including introductory psychology and forensic psychology. He is also a member of the Ohio Psychological Association, the Central Ohio Psychological Association, the American Psychology-Law Society, and American Mensa. He is presently involved in the Ohio Psychological Association's Leadership Development Academy and has professional interests in the area of the provision of mental health services to the severely mentally ill within correctional facilities. Dr. Tilley is board-certified in forensic psychology through the American Board of Forensic Psychology and is a diplomate of the American Academy of Forensic Psychology.¹
